

# Purple Group Kindergarten, Weekly Reflection

## Term 1 week 1, 27th-31st of January

We begin this week learning and celebrating Chinese New Year. Using our creativity and practicing our fine motor skills we designed and made our very own Chinese dancing dragon. We then enjoyed celebrating our efforts and danced to some traditional dragon dance music with our peers. With the warm weather this week we spent much time inside engages with a range of activities and experiences. We enjoyed watching the formation of our artwork through straw blow painting. Lot's of conversation and fun while at the water play and sea animal area and we made our own version of Beyblades using Lego and the wooden spinners.
