

Kookaburra Room January Reflection 2021.

What a wonderful start to the year. The children are happy to be back and busy exploring the new Kookaburra environment. We have been concentrating on including the children in discussions about the room rules and the expectations for our Kookaburra community. The children are enjoying the many musical experiences as a group that relate to numeracy, literacy and concepts. The weather is supporting indoor- outdoor play and we have introduced large floor puzzles to encourage participation, conversations co-operation and sharing. Outdoors the Parachute games have the Kookaburras all working together and having fun. We look forward to exploring the emerging interests of the group and providing experiences accordingly throughout the year.
