

# Possum Room March 2022 Reflection 1

Welcome to March!

It's been a great start to the month. The Possum Room children have a front row seat to our new and improved outdoor play area. It has been wonderful for the children to see the progression of the yard each and every day. The children have been fascinated by the machinery, workman digging and breaking concrete and the variety of tools they are using. While we are waiting for the yard to be transformed, we are enjoying going for walks in the prams and exploring the community. We have also been utilising the Kinder Yard in the morning. The children love playing on the slide, getting into the huge sandpit and enjoy interacting with the Koala and Kookaburra children and educators. We are so looking forward to getting outside once the yard is completed.

The Possum Room children have continued to explore a variety of texture and mediums this month. We celebrated St. Patrick's Day on the 17<sup>th</sup> of March, and what better way to celebrate than with some lovely freshly made green playdough. The children were involved in the making it with Sara's guidance. The children measured the ingredients, poured and mixed. Once it was ready, they got to play and make shamrocks with the cutters. We have introduced pasting in our program and using a variety of natural and textured objects such as wool, feathers, twigs, leaves and recycled paper. The children enjoyed this experience. It was an odd feeling for them, especially if their little fingers were sticking together, but they persisted. The children's master pieces are hanging in our room. They look wonderful and we are very proud of them.

We have been doing a lot of action songs this month. Thus far the children are loving Slippery Fish, Winded The Bobbin Up, Heads Shoulders Knees And Toes, and of course their absolute favourite... Hop Little Bunnies!

It is so lovely to see the children happy and settled. They are getting to know each other and can even recall each other's names.

Gosh they are growing so fast!
